The safe and versatile anti-slip and grip product range

Tenura is a leading range of non-slip products in the UK, Europe and USA. It can be built into a lifestyle system and used to maintain independent living for people with impairments to the strength of their grip, frailty or limits to mobility or used by anyone on a one-off basis.

Tenura Silicone

Unlike other non-slip and grip products on the market, the range is made entirely from silicone rubber, a material that is nontoxic and chemically inert. It does not contain phthalate plasticizers, which are necessary ingredients of other materials with similar non-slip properties and which are banned or restricted in Europe and parts of the USA. It is also fully washable and autoclave safe up to 482°F.

All of the Tenura Silicone products are antimicrobial providing continuous built-in protection against a wide range of bacteria including MRSA, E.coli and Klebsiella. Also protecting against mold and fungi.

We offer a range of extremely effective anti-slip products that provide grip on dry smooth and slippery surfaces, including tables, work tops, trays, handles and smooth floor surfaces. Our specially designed materials, mats and non-slip products prevent movement and provide enhanced on handles and lids. Our floor mats provide stability for sitting, standing and walking, helping to prolong independent movement.

Tenura can be used as a solution in the home to maintain independent living and can also be used in clinical and care home environments. In addition, it is useful in vehicles, mobile homes and boats to provide stability to objects.

Properties

- Provides firm grip and hold
- Non-toxic and chemically inert
- Phthalate plasticizer free
- Autoclave safe to 482°F
- Fully washable and long lasting

Other Tenura products

Tenura also offers other specialized products that are not made out of silicone, including self adhesive material which provides grip in wet areas

Nonslip coasters and mats

Tenura offers a range of anti-slip mats, from smaller coaster style up to large table and work surface mats. These provide firm and secure grip and hold for objects such as plates, cups, cutlery, bowls and cutting boards etc. and can be used on tables, trays and counter tops or any smooth surface.

Tenura mats can also be used in any environment to provide firm grip and hold for objects such as mobile phones, computers, tools and games - particularly in vehicles and surroundings subject to motion and/or tipping.

There are a variety of circular and rectangular shapes available, in three colors. Tenura mats are fully washable and long lasting.

Applications

- Uses for Tenura coasters and mats include:
- Prevents plates, bowls and crockery from sliding on tables, counters and trays
 - Holds chopping boards in position
 - Holds kitchen appliances and mixing bowls in place
 - Holds objects firm on surfaces that are not horizontal and / or are subject to motion or tipping.

Safety grip floor mats

Particularly, to help in the prevention of accidents while sitting down and standing up, Tenura have produced an anti-slip floor mat that can be used to provide a firm grip area on smooth and slippery floor surfaces.

Statistically, falls are very common in domestic circumstances amongst older adults and can often be the cause of serious injury but the same challenges apply to any disabled person and those with limited movement.

Tenura floor mats are useful to reduce the hazard of slipping and falling in any area with smooth surface flooring and particularly for those for whom movement is difficult or limited when manoeuvring between sitting and standing, from bed to chair or when stepping on or off a stepped area or landing. Tenura floor mats are fully washable and long lasting.

Applications

Tenura floor mats are useful for:

- Standing and sitting
- Wheelchair users
- Moving on and off beds
- Beneath rugs on smooth and slippery surfaces

Tenura Non-slip floor mats product range

Item size	Red	Blue	Yellow
Tenura Floor Mat 23.62in x 17.71in	T/FLOOR - 60 - 1	T/FLOOR - 60 - 2	T/FLOOR - 60 - 3

Children's mats

Two bright and friendly mat designs for children. Completely safe and nontoxic, with an anti-microbial treatment. These can be used on tables and high chair trays, providing firm and secure grip and hold for objects such as plates, cups, cutlery and bowls.

Tenura children's mats are available in two friendly character designs - a big friendly green frog and a cute

orange cat. These engaging creatures will bring color and fun to children's meal time and play time as well as providing secure grip and hold to help prevent accidents and spills.

In common with all the Tenura silicone range, they are completely safe and nontoxic but can be washed or sterilised at very high temperatures.

Applications

Tenura children's mats are useful for:

- Prevents plates, bowls and crockery from sliding on tables, counters and trays
- Bright and fun non slip surface for toys and play

Tenura Extreme product range

Item size	Green frog	Orange cat
11.81in x 9.84in	T/F - 1	T/C - 1

Jar and bottle openers

Tenura jar and bottle openers are two separate products that are designed to fit a variety of sizes and provide an enveloping area of traction and the firm grip and hold needed to assist in turning the most stubborn of tight screw fit caps and lids.

The domed outside of the device provides a flexible, soft handle that is ridged to provide firm purchase when gripped with fingers and thumb and/ or in the palm of the hand. Tenura jar and bottle openers are fully washable and long lasting.

Applications

Uses for Tenura jar and bottle openers include:

- Assists in opening bottles, jars and pill containers of all shapes and sizes
- Can be used to grip and provide purchase on cupboard handles and doorknobs
- Useful for people with arthritis or any condition that weakens hand grip
- Can be operated with one hand, with the use of a Tenura mat on the base of the jar or bottle

Tenura bottle and jar openers product range

Item	Red	Blue	Yellow
Tenura Bottle Opener	T/B - 1	T/B - 2	T/B - 3
Tenura Jar Opener	T/J - 1	T/J - 2	T/J - 3

Tenura Grip

A universal anti-slip sheath, designed to fit cutlery handles of all shapes and sizes for people with poor grip.

A large soft handle that is textured to provide firm purchase when gripped in the hand. This is particularly useful for people with reduced hand function, unsteady or weakened grip and for people with limited joint movement in the hand.

Tenura cutlery grips are fully washable and long lasting. This product is perfect for domestic use to maintain an independent lifestyle and for use in care and clinical environments.

Applications

Uses for Tenura grips include:

- Assists grip and provides purchase on cutlery handles of most types, shapes and sizes
- Useful for people with arthritis or any condition that weakens hand grip

Tenura Grip Non-slip cutlery grip

Item size	Grey
Tenura cutlery grip 4.92in	T/CG - 1

Non-slip reels and strips

Tenura non-slip material reels offers a DIY alternative to the manufactured range and provide bespoke solutions to anti-slip issues. The material is a very flexible and malleable sheet that can be cut to size and shape, for any dry non-slip application.

It can be easily moulded or wrapped around objects and handles etc. as well as used flat in a tray or on the floor as a step or foot plate grip. Because it is thin and flexible it can also be successfully used as an unobtrusive drawer or shelf liner. Tenura is fully washable and long lasting.

Tenura strips can be used to wrap around objects and utensils, such as cutlery to improve finger grip where is impaired by arthritis and other conditions.

Tenura material reels and strips product range

Item	Blue	Red
Tenura Material Reel 7.87in x 3ft 3.37in	T/R - 1	T/R - 1+
Tenura Material Reel 11.8.1in x 3ft 3.37in	T/R - 2	T/R - 3
Tenura Material Reel 7.87in x 6ft 6.74in	T/R - 5	T/R - 6
Tenura Material Reel 15.74in x 6ft 6.74in	T/R - 7	T/R - 8

Tenura Material Reel 15.74in x 29ft 6.33in	T/R - 11	T/R - 12
Tenura strips 0.78in x 3ft 3.37in	T/S - 2	

Applications

- Uses for Tenura material and strips:
- Providing firm grip and hold for domestic objects such as cups, plates and ornaments
 - Shelf, tray and drawer liner
 - Make fun shaped DIY non-slip mats
 - Providing firm grip for handles, knobs etc.
 - Providing grip for utensils and cutlery

Tenura Cup holder

Providing a firm grip on most types of cup and a non-slip base which will hold fast on smooth surfaces, tables and desktops, the Tenura cup holder helps to prevent spills and keeps cups in place.

The specially designed gripper holds cups of all shapes and sizes so that the cup holder stays with the cup wherever it is relocated and the semi-rigid body contains small spills and drips, protecting surfaces from damage and marking.

Applications

Uses for Tenura cup holders include:

- **Providing firm grip for cups in domestic and clinical circumstances, preventing spills and marking of surfaces**
- **Holds cups firm on surfaces that are not horizontal and / or are subject to motion or tipping**
- **Useful for people with an unsteady grip or muscle tremors**

Tenura cup holder product range

Item	Red	Blue	Yellow
Tenura Cup holder	T/CH - 1	T/CH - 2	T/CH - 3

Tenura Cupcap

A self-sealing cap that will stretch to fit over the top of cups, glasses and beakers and allow a straw to enter for drinking. Tenura Cupcap will prevent spills even when the cup or glass is knocked over, protecting surfaces and furnishings.

The Cupcap can also be useful to cover drinks when they are left for any appreciable time, keeping dust and other contaminants out and helping to maintain temperature for a short time.

In domestic circumstances, the Cupcap is particularly useful to prevent spills amongst young children or people with unsteady movements and grip. In clinical circumstances, the Cupcap can help to preserve the freshness of drinks and prevent accidents where they may be left on trays or side tables for an appreciable length of time.

Applications

Uses for Tenura Cupcap include:

- **Prevents spills**
- **Preserves freshness for longer than an uncovered drink**
- **Useful for people with an unsteady grip or muscle tremors**

ANTIMICROBIAL

Tenura Kitchen grip set

A useful pack, including three utensils designed for enhanced grip and anti-slip in the home. Including a nonslip mat, a jar opener and bottle opener.

Tenura jar openers and bottle openers are designed to fit a variety of sizes and provide the firm grip and hold needed to assist in turning the most stubborn of tight screw fit caps and lids. The mat can be used to hold bottles and jars firm or on its own to provide firm grip and hold for plates, cups, cutlery and bowls. It is ideal for keeping crockery and utensils firm on a tray.

Tenura kitchen set product range

Item	Three colors
Three part set	T/KITCHENPACK

Applications

- Assists in opening bottles, jars and pill containers of all shapes and sizes
- Can be used to grip and provide purchase on cupboard handles and doorknobs
- Can be operated with one hand, with the use of a Tenura mat on the base of the jar or bottle
- Mat prevents plates, bowls and crockery from sliding on tables, counters and trays

Nonslip fabric netting

In addition to the smooth reels, the Tenura range offers Nonslip cushion netting. This material has a soft and spongy feel and texture and is suitable for circumstances where cushioning is also desirable.

Because it is in the form of a spongy netting, the nonslip quality of the material is enhanced by the bumpy surface texture, making it suitable for a wide range of applications. Tenura fabric roll can be cut to size and shape for bespoke solutions to overcome a multitude of slip issues. Tenura fabric is fully washable.

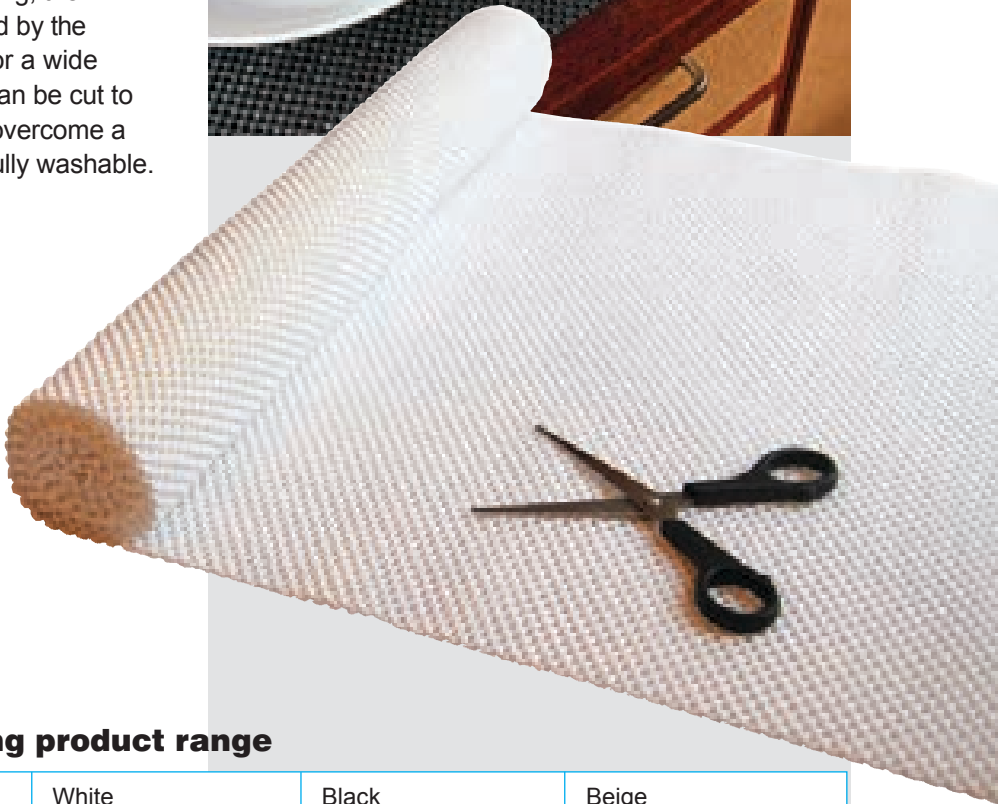

Applications

Tenura fabric netting is useful for:

- Lining shelves and drawers in mobile homes, boats and caravans to hold objects in place
- Lining any flat surface in circumstances where movement or tilting is likely (e.g. cars, vans, caravans, boats)
- Beneath rugs and mats on smooth, slippery surfaces

Tenura Non-slip fabric netting product range

Item size	White	Black	Beige
Tenura Nonslip Fabric Roll 1ft 8in x 6ft	T/NET - White	T/NET - Black	T/NET - Beige

Tenura Extreme

This special nonslip material is designed for more extreme circumstances, and more demanding slip issues. A translucent material, available in either clear or green, Tenura Extreme is sticky to the touch and grips objects immediately on contact and provides very firm hold.

Particularly useful in circumstances where there may be movement or jolting and where more extreme tipping may occur. This material is

unobtrusive and can be used on smooth surfaces to keep loose objects firmly in place. Typical uses may include lining trays or walking frames. Also holding objects firm in vehicles, mobile homes and boats. Tenura Extreme has incredible levels of hold and is tacky to the touch, but is fully washable and can easily be regenerated to its original condition if affected by dust.

Applications

- Tray liners
- Vehicles, mobile homes and boats
- Holding objects firm where movement, jolting and/or tipping is likely

Tenura Extreme product range

Item size	Green	Clear
7.87in x 7.87in	T/EG - 2	T/EC - 1

Tenura for wet areas

Available on a roll as strips or circles in a clear or white self adhesive material, Tenura for wet areas can be applied to baths, shower trays, floors and any surface that is frequently wet. It is used to provide grip, particularly for bare feet and where safety is an issue in bathrooms and changing rooms where floors and surfaces are wet and slippery.

The strips and circles are discrete and unobtrusive but can make all the difference, providing safer footing on wet surfaces for all ages. This is particularly useful to provide grip for less mobile and frail people who may be unsteady on their feet.

Tenura for wet areas is self adhesive and easy to apply and provides a long lasting anti-slip solution in homes, care homes and public and clinical environments.

Applications

Tenura for wet areas is useful for:

- Frequently wet floors
- Baths
- Shower trays
- Wet rooms

Packaging

All Tenura products are presented for sale in attractive and protective packaging that will keep the product clean and dust free. All packaging has euro hooks so that it can be racked for sale.

Care information

All Tenura products are fully washable and may be cleaned with plenty of warm, soapy water. Tenura products (except for Tenura for wet areas) should not be used when wet and will not provide grip until dry. It is preferable to air dry the material to avoid leaving lint and dust on it from cloths.

Tenura is tough, flexible and durable and will last for many years. It will retain its anti-slip properties throughout its life span, provided that it is cleaned periodically.

For further information about Tenura please enquire by calling us on **724-256-8359** or email **info@tenura.us**.
